The Practice offers emergency appointments for those patients who feel they need to be seen or get medication on the same day. Please telephone 664338 and you will be called back by a trained clinician. They will make the necessary arrangements for you to receive the appropriate treatment. If you feel that your problem is urgent and that you need to be seen on the same day we will always accommodate you.

HOME VISITS

You may only request a home visit if you are housebound or are too ill to visit the practice. Your GP will only visit you at home if they think that your medical condition requires it and will also decide how urgently a visit is needed. Please bear this in mind and be prepared to provide suitable details to enable the doctor to schedule house calls.

If you do need a home visit, please call by 10:00. Visits requested later than this may not be able to be done on the same day

Comments and queries about the running of the practice are welcome and should be made to the Practice Manager.

Should you wish to make a complaint you are encouraged to try and resolve it straightaway with the individual involved. Where you are not able to resolve your issue in this way and wish to make a formal complaint you should

do so, preferably **in writing**, as soon as possible after the event.

Please ask at reception for this. You can provide this in your own format providing this covers all the necessary aspects. COURTESY AND RESPECT

We aim to treat our patients courteously at all times and expect our patients to treat our staff in a similarly respectful way. Any threatening, abusive or violent behaviour against any of our staff or patients is taken seriously.

If a patient is violent, abusive or intimidating, they will be warned to stop their behaviour. If they persist, we may exercise our right to take action to have them removed, immediately if necessary, from our list of patients.

CHAPERONE POLICY

All patients are entitled to have a chaperone present for any consultation, examination or procedure where they feel one is required. This chaperone may be a family member or friend. On occasions you may prefer a formal chaperone to be present, i.e. a trained member of staff. Wherever possible we would ask you to make this request at the time of booking appointment so that arrangements can be made and your appointment is not delayed in any way. Where this is not possible we will endeavour to provide a formal chaperone at the time of request.

The practice operates a Trust Fund (registered charity No. 297573) for the benefit of patients. Donations are always welcome. Cheques should be made payable to the "Rookery Medical Centre Charitable Trust Fund".
